Director's Corner

This will be the last Board newsletter in this format. The publisher has advised the Board that publication costs necessitate cancelling the agreement providing for the newsletter.

The Board staff will be looking at alternative methods of keeping registrants up to date on Board activities and a new program will be developed as soon as resources permit.

The Board is currently developing a new computer system to replace the aging Department of Administration IBM AS400. Since this is a complete replacement the process is not expected to be completed until sometime in 2014.

Registrants are encouraged to notify the Board of their e-mail address. We will be incorporating e-mail addresses into our computer system to facilitate communication in the replacement computer system and we are incorporating them into a transitional program starting now. Registrants may provide the address by e-mail to John.Spencer@azbtr.gov. We will need your name, registration type (engineer, geologist, etc.), and e-mail address. When it is recorded in the transitional program, you will be sent an acknowledgement by e-mail.

Chapter 314 House Bill 2102—An act amending section 41-1080, Arizona revised statutes; relating to licensing eligibility goes into effect July 20, 2011. All new applicants and future renewals will have to include a copy of one of the documents shown in subsection A of A.R.S. 41-1080 unless they are exempt under subsection B or have previously provided the documentation to the Board. If the document does not include a photograph, the person must provide a copy of a government issued document containing a photograph of the individual (subsection E).

House Bill 2102 continued on page 13

Ronald Dalrymple
Executive Director

Letter from the Chair

One of the aspects of our professional responsibilities that we individuals, who are regulated by the Board of Technical Registration, often overlook is our involvement with the education of the future professionals who will succeed us in creating the built environment of our state. We know we are expected to be educated, trained and tested to the highest standard so that we can perform our tasks in a manner that protects the health, safety and welfare of all Arizonans, but what about the relevance of the education and training of the students in our schools and colleges? How many of us have lamented over the belief that today's students are not receiving adequate real world exposure to the requirements of our professions, as necessary to enable them to quickly move into the responsible positions in our industries?

There are a variety of solutions to this problem available to the members of our various professions which can take as little or as much time and effort as you have available.

Many of the Valley's secondary schools sponsor a Future Cities Design Charette each year, which has a national presence and needs members from our professions to serve as jurors and mentors.

The Community Colleges are actively seeking professionals to become members of their Curriculum Advisory Committees and to serve as Adjunct Faculty to enhance the relevance of their curriculum and degrees to the professions and to the requirements of registration. The universities have numerous foundations which can provide funding for special programs and awards. By serving

Chip Shay

on these foundations our professionals can have access to and influence on the students, faculty and administrators in the various programs. The Universities also have adjunct faculty positions and frequently request professionals to serve on juries or review panels of student projects, both of which can provide real world input to the students.

By sponsoring student interns in our office during the academic year and summer recess, we can also fill out the educational experience of our future professionals. One note of caution on utilizing student interns, I believe it is a requirement of the U.S. Department of Labor that interns be fairly compensated for their work, and in spite of numerous urban legends to the contrary, I believe it is illegal to use these students as free labor for the six weeks of required academic credit.

In my previous letters, I alerted the members of our professions to the Board's discussions regarding Mandatory Continuing Education (MCE) as a requirement for renewal of our professional licenses. I have received a great deal of response on this issue from our members; most of this feedback was positive, but some of it was very negative. I believe that MCE is a viable concept for two primary reasons. First, the information bases of our professions are changing and we must demonstrate that we are current in the facts that make up our practices; and second, MCE is the standard of all professions and by not conforming to the acknowledged standards of care as to what constitute a profession, we are weakening our claim to that status. Incidentally, I should note the Governor and the Legislature are not inclined to look favorably on regulatory agencies adding new rules, which they regard as making life more difficult for business men and women, and which restrict the ability of our citizens to act freely, in a manner to improve the economy of our state and enhance the prosperity of all Arizonans.

BTR Mission

The purpose of this Agency is to protect the public by setting appropriate registration qualifications and enforcing state statutes relating to the practice of all Board-regulated professions and occupations. Any person who does any of the following is acting in violation of the law (A.R.S. § 32-145) and is guilty of a class 2 misdemeanor:

1. Practices, offers to practice or by any implication holds himself out as qualified to practice any Board regulated profession or occupation if the person is not registered or certified as provided by this chapter.
2. Advertises or displays any card, sign or other device that may indicate to the public that the person is certified or registered or is qualified to practice any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
3. Uses "certified," "professional certified," "professional," "registered," "registered professional" or "professional registered" in conjunction with any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
4. Uses a certification or certificate of registration of another, or uses an expired or revoked certification or certificate of registration.
5. Presents false evidence to the Board with the intent to obtain a certification or a certificate of registration.
6. Otherwise violates any provision of this chapter.

The Board and Executive Director, aided by staff investigators, investigate allegations of violations of A.R.S. § 32-145 and other crimes committed pursuant to illegal practice of the regulated professions, and present criminal complaints to Town, City, and County Attorneys and the Attorney General for prosecution (A.R.S. § 32-107).

Networking

The benefit of ACEC Arizona membership.

ACEC Arizona

The American Council of Engineering Companies of Arizona offers an extensive client network – public and private.

Networking includes elected officials, community outreach, allied societies, and fellow professionals.

Every year ACEC Arizona provides over 100 meetings and events to enhance your network of business contacts.

ACEC Arizona has opportunities for you to network via Facebook, Twitter and LinkedIn.

And, ACEC Arizona firms can take advantage of a national network of excellent benefits: *Business Insurance Trust, Life/Health Trust and/or the Retirement Trust.*

Home Inspectors Improperly Receiving Direct Benefit From Home Security Programs

In February, 2011, the Home Inspection Committee of the Arizona State Board of Technical Registration considered the issue of whether home inspectors who participated in "promotions" with nationally known home security companies received a direct or indirect commission or compensation, in violation of Board Rule 4-30-301.01(B)(1), when their clients received a free, limited, 90 day home warranty from the security company.

The Committee heard testimony on the issue from a national home security company, explaining their program, and considered the following scenario:

An alarm inspector will meet a home inspector at the jobsite, and prepare a complete alarm inspection report for the home inspector to give the buyer. The security company then provides the buyer with a 90 day limited home warranty on the home inspection; in effect, warranting the home inspector's inspection report.

The Home Inspection Committee determined that, in their opinion, this type of home warranty program offered by national security companies was a direct or indirect commission or compensation and a violation of A.A.C. R4-30-301.01(B)(1). The Committee further recommended that the Board investigate complaints filed against home inspectors who have been reported to be participating in such home security programs.

Examination Information

2011 Examination Schedule

Board Web Site: www.azbtr.gov

4.0 ARCHITECT EXAMINATIONS

The Architect Registration Examination (“ARE”) is a computerized examination offered year-round and consist of the following:

ARE 4.0 Test Fees	
Programming Planning & Practice	\$210
Site Planning & Design	\$210
Building Design & Construction Systems	\$210
Schematic Design	\$210
Structural Systems	\$210
Building Systems	\$210
Construction Documents & Services	\$210
Test Rescheduling:	
Test Rescheduling Fee	\$35

Candidates are no longer permitted to bring a personal calculator into the testing center.

For more information, visit the National Council of Architectural Registration Boards (NCARB) Web site at: <http://www.ncarb.org> or contact NCARB at:
NCARB
1801 K Street, NW
Suite 1100-K
Washington, DC 20006
(202) 783-6500

If you have any further questions or concerns, please contact [LaVern Douglas](#).

Assayer

Testing:
Testing is done year round at the Board of Technical Registration.

Arizona Board Of Technical Registration
1110 West Washington Street, Suite 240
Phoenix, Arizona 85007
(602) 364-4930

Geologists, Land Surveyors—PLEASE NOTE:

Your application should be submitted 315 days prior to the examination dates to ensure compliance with our time frame rules and to allow adequate time to receive education transcripts and/or references. You must submit the application fee when you send in your application. There is a separate fee for the examination and you will be notified by mail when these fees are due. An application will not be considered complete until all verifying data is received.

If you submit an application after the 315-day mark, every effort will be made to process your application and certify you for the next examination. However, if your application is incomplete, a shorter processing time means we may not be able to certify you for the next examination date.

Students enrolled in a professional degree program who wish to take the in-training exam during their final year may file an application before starting

the final year of study. School endorsement may be submitted at any time prior to the examination sign-up deadline established by the appropriate national council.

It is extremely important that you notify us in writing of any address changes prior to the examination.

Arizona Approval and Registration Information

NOTE: Individuals who have previously applied for approval to take an FE and/or PE exam through Arizona Board office can proceed with registration. If you are unsure of your approval status, please contact the Arizona Board office at (602) 364-4930.

Potential examinees must apply to take the exams through NCEES. If you would like to apply through NCEES, please follow the instructions below.

Engineers—Please Note:

- FE Examinees**
To register for the Fundamentals of Engineering (FE) examination, you must apply directly to NCEES to determine your educational eligibility to sit for the FE examination based on Arizona’s requirements.

Applicants for the FE examination must be a college senior or a graduate of an engineering program of 4 years or more accredited by EAC/ABET. To determine if your degree is accredited, visit the ABET Web site (<http://www.abet.org/accrediteac.asp>) for a complete listing of schools.
- PE Examinees**
To register for the PE examination, you must apply directly to NCEES to determine your educational eligibility to sit for the PE examination based on Arizona’s requirements.

This application is accepted at all times during the year. However, in order to be considered for the **April** examination, you must submit your application to ELSSES **no later than February 1; for the October examination, you must submit your application to ELSSES no later than August 1.** Upon approving your education, ELSSES will send you instructions on registering for the examination.

NOTE: Once you must register with NCEES to begin testing.

GEOLOGIST EXAMINATIONS
Examination Dates 2011, 2012 and 2013:

- September 30, 2011
- March 2 and October 5, 2012
- March 1 and October 4, 2013

For more information, visit the National Association of State Boards Of Geology (ASBOG) Web site at: <http://www.asbog.org> or contact ASBOG at:
ASBOG
The Granby Building, Suite “O”
1801 Charleston Highway
Cayce, SC 29033
(803) 739-5676

ENGINEER AND LAND SURVEYOR EXAMINATIONS

Examination Dates for 2011:

- October 26, 2011 to October 27, 2011

For more information, visit the National Council Of Examiners For Engineering And Surveying (NCEES) Web site at: <http://www.ncees.org> or contact NCEES at:
NCEES
P.O. Box 1686
Clemson, SC 29633-1686
(800) 250-3196 or (864) 654-6824

LANDSCAPE ARCHITECT EXAMINATIONS

To apply for the Landscape Architect Registration Examination (“L.A.R.E.”), candidates should contact the Council of Landscape Architectural Registration Boards (“CLARB”) directly and complete a CLARB Council Record. The CLARB application process includes completing the CLARB application form and providing verification of required information such as education and work experience. Once confirmation of your required information is received, CLARB will admit you to the L.A.R.E. and will forward all pre-examination information to you directly.

To apply for the L.A.R.E. through the CLARB Council Record, click here <https://www.clarb.org/>

L.A.R.E. Administration Dates:

The dates for the administration of the graphic sections of the L.A.R.E.

Sections C and E are as follows:

- December 5-6, 2011

The dates for the administration of the multiple-choice sections of the L.A.R.E.

Sections A, B and D are as follows:

- To be announced (Any multiple - choice exam may be taken on any day within the two-week window

In addition to serving as the application for the L.A.R.E., the Council Record also provides the documentation that you will need when you apply for licensure in Arizona and in other jurisdictions. This eliminates the need for you to gather this information redundantly. Council Record holders are also entitled to discounts on important examination publications such as the examination handbook, The Road to Licensure and Beyond, including “Understanding the L.A.R.E. and Diagnostic Vignettes.”

Once you have completed the L.A.R.E., you may apply for licensure in Arizona. Instruct CLARB to transmit your Council Record to the Arizona State Board of Technical Registration, and follow the instructions for professional licensure application found on this web site. Please Note: Although you may have successfully completed and passed the L.A.R.E., you must still fulfill the education and/or experience requirements of [A.R.S § 32-122.01](#) Qualifications for professional registration.

INSPECTION TRAINING OF ARIZONA

Arizona's "Hands On" Inspection Training School

Please visit our web site to learn more about ITA and for a list of inspection classes currently offered. Here are a few of our ongoing classes:

- Full Residential Home Inspection Class (90 hours)
- Refresher Classes for License Inspectors
- Pool and Spa Inspection Classes
- Commercial Inspection Classes

Disciplinary actions taken by the Board

Disciplinary action was taken against the individuals/firms listed below. **The information provided is a brief summary.** Although every effort is made to ensure that the information is correct, before making any decision based upon the information below, you should check with the Board office to assure accuracy. The listing may not reflect a change occurring near or following the publication date. Further, the listing does not reflect pending appeals for re-hearings.

Case No.	Respondent	Summary of Findings	Summary of Board Action
APRIL 26, 2011			
M09-135	Carlton H. Wise P.E. (Mechanical) #28591	On or about July - November 2007, Respondent prepared an alternative on-site sewage system and failed to apply the technical knowledge and skill that would be applied by other qualified registrants who practice the same profession in the same area and at the same time. Respondent's work on the project was deficient in that the soil testing reports submitted to the County and the Client were substantially different, even though they reported on the same field tests. The initial gravity feed leach trench design could not be built as shown on the plan; however, Respondent signed and sealed it to his client. A revised design based on a pump station and "CAP" trench system was sent to the County. The new plan was not marked revised, and was not sent to the Client.	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$370.00.
M10-055	Architectural Design Group, Inc.	After receiving payment from its clients, Respondent Firm failed to pay a collaborating registered professional for their engineering services within the required time. (Respondent firm has paid its collaborating professional in full for their engineering services.)	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$190.00.
MAY 24, 2011			
M11-026	Winton Architects, Inc	After receiving payment from its clients, Respondent Firm failed to pay a collaborating registered professional for their engineering services within the required time. (Respondent firm has paid its collaborating professional in full.)	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$210.00.
HI11-013	Paul A. Juarez Home Inspector #40316	Respondent conducted various home inspections, and issued inspection reports without individual registration from February 1, 2009 thru May 2011 in violation of A.R.S. § 32-145(1) in that it is unlawful for a Nonregistrant to practice or hold himself out as qualified to practice home inspections without certification. Respondent handed out business cards stating he was Arizona certified registrant #40316 in violation of A.R.S.§ 32-145 (2).	Assurance of Discontinuance Civil Penalty —Pay an administrative penalty in the amount of \$8000.00. Costs of Investigation —Pay costs of investigation in the amount of \$300.00.
JUNE 28, 2011			
M08-017	George Michael Haywood Land Surveyor #13941	On or about November 20,2006, December 15, 2006 and April 11, 2007, Respondent failed to conduct a survey in accordance with the Arizona Boundary Survey Minimum Standards. Respondent did not reference any section corners, quarter corners, section lines or 16th corners; did not indicate on the survey map how he determined what the exact property lines should be. The survey exhibits did not show the legal descriptions of the parcel, any ties to section corners, quarter corners, or any point of beginning or points of commencement. Respondent did not show on the survey map a legend, or list reference materials he used in preparing the survey.	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$490.00.
M08-096	William J. Norman Land Surveyor #16588	On or about November 27, 2007, Respondent failed to conduct a survey in accordance with the Arizona Boundary Survey Minimum Standards. Respondent did not show adequate section ties, and information to provide a proper section breakdown; did not show bearing and distance ties from the Center one-quarter to the South and West one-quarter corners; did not designate a "basis of bearing;" did not reference any source documents used for the survey; and did not describe the physical monuments at the East one-quarter. Respondent did not affix his RLS number to monuments shown as found and accepted that did not have identification and did not record the survey in the Pinal County Recorder's Office within the required time. Respondent firm provided land surveying in the State of Arizona without the benefit of registration.	Amend Survey —Respondent shall amend survey and record it with the Pinal County Recorder's Office. Administrative Penalty —Pay an administrative penalty in the amount of \$1,000.00. Cost of Investigation —Pay cost of investigation in the amount of \$170.00.
M09-045	Brian W. Jevas Land Surveyor #30357	On or about July 30,2008, Respondent failed to conduct a survey in accordance with the Arizona Boundary Survey Minimum Standards. Respondent did not determine the appropriate accuracy and make the required measurements necessary; did not set monuments on the three newly created parcels; did not set the South 1/4 Corner of Section 33 as required; and did not have a basis of bearing on the survey. Respondent has recorded an Amended Minor Land Division in the Graham County Recorder's Office.	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$255.00.
M09-103 and M09-132	Kenneth K. Isaacson Land Surveyor #15928	On or about December 2003 and June 22, 2007, Respondent failed to conduct surveys in accordance with the Arizona Boundary Survey Minimum Standards. Respondent's June 22, 2007 survey is deficient in that Respondent accepted a found unidentified rebar and did not affix his RLS number on the rebar; did not place sufficient information on the survey to locate the found monuments relative to block corners or adjacent streets; did not show ties to the section line monuments and road right of way; and refers to the subdivision plat as the Basis of Bearings for the survey and not physical monuments. Respondent's December 2006 survey is deficient in that Respondent did not search for physical evidence to determine existing conditions prior to setting the corners; ignored existing monuments, evidence of the adjoiner's possession lines and the existing fence that agreed with the old pins, did not show any monuments to the west of Lot 228 on his survey; rejected found monuments and did not explain the reason for not accepting them; showed the discrepancy between the monuments that he rejected, but did not explain in detail why he did not accept them.	Letter of Reprimand Professional Education —Respondent shall take and successfully complete a professional surveying course in Retracement Surveys and/or Boundary Law. Examination: Take and successfully complete the three (3) hour Arizona State Specific Exam for Land Surveyors. Cost of Investigation —Pay cost of investigation in the amount of \$480.00.
M09-120	John Reddell Architects	After receiving payment from its clients, Respondent Firm failed to pay a collaborating registered professional for their engineering services within the required time. (Respondent Firm has paid its collaborating professional in full for their engineering services.)	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$355.00
M09-137	Joseph Rodriquez Nonregistrant	On or about May 14, 2008, Respondent provided engineering services in the State of Arizona without registration.	Civil Penalty —Pay a civil penalty in the amount of \$500.00. Assurance of Discontinuance —Respondent shall not practice; offer to practice, or by any implication hold himself out as qualified to practice engineering, until such time as he is registered by the Board. Cost of Investigation —Pay cost of investigation in the amount of \$140.00.
M10-053	Sunland & Associates	Respondent Firm provided engineering services in the State of Arizona without registration.	Administrative Penalty —Pay an administrative penalty in the amount of \$1,000.00. Cost of Investigation —Pay cost of investigation in the amount of \$75.00.
M10-098	Husker Surveying, LLC	On or about September 26, 2008, Respondent Firm provided land surveying in the State of Arizona without registration; a survey was performed without the direct supervision of an Arizona registered land surveyor.	Civil Penalty —Pay a civil penalty in the amount of \$2,000.00. Cost of Investigation —Pay cost of investigation in the amount of \$70.00
M11-009	The Acacia Group	After receiving payment from its clients, Respondent Firm failed to pay a collaborating registered professional for their engineering services within the required time. (Respondent Firm has paid its collaborating professional for their engineering services.)	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$75.00.
M11-023	Dale Wischart and DW Engineering and Surveying	On or about August 2010, Respondents advertised in the Dex Yellow Pages under the heading of "Surveyors," DW Engineering and Surveying. The services offered included A.L.T.A. surveys, boundary surveys, minor land divisions and topographical surveys. Respondents offered surveying services without registration. (Respondent Firm is dissolved.)	Civil Penalty —Pay a civil penalty in the amount of \$750.00. Assurance of Discontinuance —Respondent agrees to discontinue offering land surveying and engineering services in the State of Arizona until such time as he has been granted registration by the Board or is in full compliance with the Board's Statutes and Rules. Cost of Investigation —Pay cost of investigation in the amount of \$75.00.
M11-053	Green and Green, Inc.	Respondent Firm provided architectural services in the State of Arizona without registration.	Administrative Penalty —Pay an administrative penalty in the amount of \$2,000.00. Cost of Investigation —Pay cost of investigation in the amount of \$75.00.
HI11-014	Virendra Manaktala Home Inspector #40001/Lapsed Nonregistrant	Respondent performed various home inspections from January 2010- May 2011 while under an assurance of discontinuance for a prior case #HI10-004. Respondent conducted various home inspections, and issued inspection reports for a fee without individual registration from January 15, 2010 to present in violation of A.R.S. § 32-145(1) in that it is unlawful for a Nonregistrant to practice or hold himself out as qualified to practice home inspections without certification. Respondent's firm was dissolved on September 30, 2010. Arizona Home Check Professional Home Inspections, L.L.C. offered home inspection services to the public without firm registration in violation of A.R.S. § 32-141(A)(D). Respondent's financial assurance expired September 12,2007 in violation of A.R.S. § 32-122.02(C).	Assurance of Discontinuance Civil Penalty —Pay an administrative penalty in the amount of \$24,000.00. Costs of Investigation —Pay costs of investigation in the amount of \$280.00.

FEES

Posted on the BTR website: www.azbtr.gov

Payment of fees shall be in United States dollars in the form of cash, check or money order; however, if a check is returned for insufficient funds, repayment, including payment of the returned check charge, shall be made in cash, money order or certified check.

Fee Waiver

A registrant who retires from the active practice of architecture, assaying, engineering, geology, landscape architecture or land surveying or who is not currently practicing architecture, assaying, engineering, geology, landscape architecture or land surveying in this state may request that the Board

place the registrant’s certificate of registration on *inactive* status. The registrant shall submit the request on a form prescribed by the Board.

Refunds

No application fee refunds will be allowed after the application has been assigned an application number and processing commences.

Notice

July 22, 2008 Action of the Board regarding fees.
The Board changed the fees charged by the Board the following amounts:
In-training application fee from \$30 to \$40;

Professional application fee from \$90 to \$100;
All original registration and subsequent renewal fees for all registrants, except home inspectors and drug laboratory supervisors and on-site workers, were set at \$195 for a three year registration;
All original registration and subsequent renewal fees for home inspectors were set at \$65 for one year registration, and
All original registration and subsequent renewal fees for drug laboratory supervisors and on-site workers will remain at the current rates.
All fee scheduled changes became effective on October 1, 2008.

SCHEDULE OF FEES

PROFESSIONAL APPLICATION		Agricultural Engineering Principles and Practices		\$240	Section E: Grading, Drainage and Storm Water Management		\$407
Architect	\$100	Civil Engineering Principles and Practices	\$240		Administration Fee	\$125

Architectural Engineering Principles and Practices	\$240				Roster of Registrants	\$15.00	
					Rules book (Arizona Administrative Code)	\$5.00	

July, August, September 2011

Firm and Branch Registration

“Firm” means any individual or partnership, corporation or other type of association, including the association of a nonregistrant and a registrant who offers to the public professional services regulated by the Board. A.R.S. § 32-141 governs registration of firms offering professional services in any Board regulated profession or occupation in Arizona. The statute requires that firms apply for registration annually, and that branch offices of firms also apply for registration. Firms must identify a registrant, who is also a principal of the firm, in each category of services offered. Branch offices must have a designated registrant, who does not have to be a principal, in charge of the professional services offered at that branch office.

Any firm currently offering services without a current annual firm and/or branch registration on file with the Board is in violation of Board statutes and rules and is subject to disciplinary action, which may result in cancellation of the firm's or branch's authority to offer professional services in Arizona.

All firm and branch office registrations expire one year from the date of issue and a new application must be received annually, within thirty (30) days of the anniversary date of the original firm or branch registration. An application fee of \$20.00 must also be included with each application. Please note that the Board will mail out renewal reminders, however it is the firm's responsibility to ensure that a current registration is on file.

In addition, all firms shall notify the Board, using the Application/Statement for Annual Firm Registration, within thirty (30) days of any change in principals, designated registrants, services offered, and/or firm or branch name or address. There is no fee required for changes to a current registration.

Registered firms are listed on our web site under “LISTINGS—Firm/Branch Listings” in the Table of Contents panel. If you do not see your firm listed there, be sure to contact the Board as soon as possible to arrange for registration.

Note to Drug Lab Site Cleanup Firms:

Do *not* use the Firm and Branch Registration forms found on the Board's website to register a Drug Lab Site Cleanup firm. **Instructions** and **forms** for registration of Drug Lab Site Cleanup firms are located in the *Drug Lab Site Cleanup* section elsewhere in the Forms area of the site.

House Bill 2102 continued from page 1

Chapter 314—HOUSE BILL 2102

Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 41-1080, Arizona Revised Statutes, is amended to read:

41-1080. Licensing and fingerprint clearance card eligibility; authorized presence; documentation; applicability; definitions

A. ~~After September 30, 2008 and~~ Subject to subsections C and D, an agency or political subdivision of this state shall not issue a license to an individual if the individual does not provide documentation of citizenship or alien status by presenting any of the following documents to the agency or political subdivision indicating that the individual's presence in the United States is authorized under federal law:

1. An Arizona driver license issued after 1996 or an Arizona nonoperating identification license,
2. A driver license issued by a state that verifies lawful presence in the United States.
3. A birth certificate or delayed birth certificate issued in any state, territory or possession of the United States.
4. A United States certificate of birth abroad.
5. A United States passport.
6. A foreign passport with a United States visa.
7. An I-94 form with a photograph.
8. A United States citizenship and immigration services employment authorization document or refugee travel document.

Revised 2/09/07

9. A United States certificate of naturalization.
10. A United States certificate of citizenship.
11. A tribal certificate of Indian blood.
12. A tribal or bureau of Indian affairs affidavit of birth.

B. This section does not apply to an individual, if ~~an~~ EITHER:

1. BOTH of the following apply:
 - 1. (a) The individual is a citizen of a foreign country or, if at the time of application, the individual resides in a foreign country.
 - 2. (b) The benefits that are related to the license do not require the individual to be present in the United States in order to receive those benefits.
2. ALL OF THE FOLLOWING APPLY:
 - (a) THE INDIVIDUAL IS A RESIDENT OF ANOTHER STATE.
 - (b) THE INDIVIDUAL HOLDS AN EQUIVALENT LICENSE IN THAT OTHER STATE AND THE EQUIVALENT LICENSE IS OF THE SAME TYPE BEING SOUGHT IN THIS STATE.
 - (c) THE INDIVIDUAL SEEKS THE ARIZONA LICENSE TO COMPLY WITH THIS STATE'S LICENSING LAWS AND NOT TO ESTABLISH RESIDENCY IN THIS STATE.

C. If, pursuant to subsection A OF THIS SECTION, an individual has affirmatively established citizenship of the United States or a form of nonexpiring work authorization issued by the federal government, the individual, on renewal or reinstatement of a license, is not required to provide subsequent documentation of that status.

D. If, on renewal or reinstatement of a license, an individual holds a limited form of work authorization issued by the federal government that has expired, the individual shall provide documentation of that status.

E. IF A DOCUMENT LISTED IN SUBSECTION A, PARAGRAPHS 1 THROUGH 12 DOES NOT CONTAIN A PHOTOGRAPH OF THE INDIVIDUAL, THE INDIVIDUAL SHALL ALSO PRESENT A GOVERNMENT ISSUED DOCUMENT THAT CONTAINS A PHOTOGRAPH OF THE INDIVIDUAL.

F. For the purposes of this section:

1. “Agency” means any agency, department, board or commission of this state or any political subdivision of this state that issues a license for the purposes of operating a business in this state OR TO AN INDIVIDUAL WHO PROVIDES A SERVICE TO ANY PERSON.
2. “License” means any agency permit, certificate, approval, registration, charter or similar form of authorization that is required by law and that is issued by any agency for the purposes of operating a business in this state OR TO AN INDIVIDUAL WHO PROVIDES A SERVICE TO ANY PERSON WHERE THE LICENSE IS NECESSARY IN PERFORMING THAT SERVICE.

APPROVED BY THE GOVERNOR APRIL 28, 2011.

FILED IN THE OFFICE OF THE SECRETARY OF STATE APRIL 29, 2011.

Substantive Policy Statements

The Administrative Procedure Act requires the publication of substantive policy statements issued by agencies (A.R.S. § 41-1013(B)(14)). Substantive policy statements are written expressions which inform the general public of an agency's current approach to rule or regulation practice. Substantive policy statements are advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that a substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

1. Alteration of Plans During Plan Checks (Effective May 30, 1997)
2. Interpretation of term "Total Cost of Such Construction" (Effective March 9, 2001)
3. Fire Sprinklers and Fire Alarm Systems (Effective March 18, 2002)
4. Sealing Of Standard Details (Effective June 17, 2002)
5. Use Of Electronic Seals And Signatures (Effective June 17, 2002)
6. Home Inspector Financial Assurance Bond Language (Effective August 20, 2002)
7. Dating and Signing Seals and Revisions to Drawings (Effective December 9, 2002)
8. Home Inspector Preferred Vendor or Similar Programs (Effective January 13, 2004)
9. Monumenting Public Land Survey System Section or Quarter Section Corners (Effective November 9, 2004)
10. Requirements for Recording Results of Survey Drawings (Effective June 21, 2005)
11. System or Component Source/End Point (Effective November 24, 2009)

1. ALTERATION OF PLANS DURING PLAN CHECKS
Questions have also been brought forward relating to the altering of sealed plans by building officials during the plan review check process. After reviewing its statutes and rules, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Documents that are signed and sealed by registrants that represent the exercise of the registrant's professional discretion and judgement are professional documents. Arizona Revised Statute § 32-125 requires registrants to seal plans, specifications, plats or reports prepared by the registrant or his or her bona fide employee. Substitution of a registrant's professional judgement that results in a modification to the document constitutes the practice of the profession. If the modification is performed by a nonregistrant, the nonregistrant must be working under the direct supervision of a registrant. Additionally, the supervising registrant shall sign and seal the changes to the documents. No person may alter a registrant's sealed professional document except under the following circumstances:

Another registrant may, when employed to check the documents, modify the documents. However, the registrant modifying such documents shall clearly delineate all modifications, seal those changes, and be held fully responsible for the changes made and the impact of those changes on the original design. A.R.S. § 32-125(B).

Any person checking documents for compliance with any applicable statutes, codes, ordinances, rules or regulations such as building codes, fire codes or zoning ordinances may "redline" and/or list required changes to meet the codes, as this is not the practice of the profession. However, a nonregistrant may not require modification of a professional document submitted for review, unless that modification is supported by reference to an applicable code or standard. In other words, a nonregistrant shall not modify, in any manner, a document embodying the discretion or judgement of a registrant, unless the nonregistrant can cite a specific code or standard to support that modification.

Filed with the Secretary of State on 5-30-97.

APPLICABLE LAWS

Arizona Revised Statutes §§ 32-101(A), -121, -128(B), -130, and -145.
Arizona Administrative Code R4-30-301(A)(3) and R4-30-304.
Profession, in this policy statement, means architecture, assaying, engineering, geology, landscape architecture, or land surveying.

2. INTERPRETATION OF TERM "TOTAL COST OF SUCH CONSTRUCTION"

Questions have been brought forward relating to the term "total cost of such construction," as contained in A.R.S. § 32-144(A)(6), and what the Board of Technical Registration (Board) has interpreted this term to encompass. After reviewing its statutes, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A.R.S. § 32-144(A)(6) states that a non-registrant may design a water or wastewater treatment plant, or extensions, additions, modifications or revisions, or extensions to water distribution or collection systems, if the total cost of such construction does not exceed twelve thousand five hundred dollars. The term at issue has, in the past, been consistently interpreted by the Board to include the design and construction of the system. The term does not include any fees, such as for permits or registration, nor costs for maintenance. This term also has not been interpreted to include costs for purchase of lands. The term simply includes costs for services normally performed by a designer and a contractor .
Filed with the Secretary of State on 4-26-01.

APPLICABLE LAW

Arizona Revised Statutes §§ 32-101(A), -144(A)(6), and -145.

3. FIRE SPRINKLERS AND FIRE ALARM SYSTEMS

Questions have been brought forward relating to roles of registrants and non-registered persons in preparing design documents for fire sprinkler, fire alarm, and other code regulated alarm systems. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

1. A qualified registrant, or any other person, may develop installation drawings for fire sprinkler, fire alarm, and other regulated code alarm systems and submit those drawings to the authority having jurisdiction for review and/or permit as allowed by the authority having jurisdiction. All layouts prepared in accordance with the criteria specified by a professional registrant are not considered to be professional documents. Installation drawings for sprinkler systems may include selecting pipe sizes by performing hydraulic calculations in accordance with applicable codes and standards. Preparation of fire alarm installation drawings, include circuiting and voltage drop and battery calculations, in accordance with applicable codes and standards may be done by non-registrants as allowed by the authority having jurisdiction.
2. For fire sprinkler systems, the following are considered to be professional registrant activities:
 1. Consider the range of hazards of the project;
 2. Prepare hazard analysis; identify the hazard classification of the intended occupancy, including any special hazards;
 3. Determine the applicable codes and standards and appropriate engineering practices;
 4. Ascertain the availability and adequacy of the water supply for the project;
 5. Determine the appropriate design density and area of operation for each hazard area.
3. For fire alarm and other code regulated alarm systems, the following are considered to be professional registrant activities:
 1. Determine the system type;
 2. Determine the applicable codes and

standards and appropriate engineering practices;
3. Determine device types and locations;
4. Prepare generalized riser diagram;
5. Coordinate and interface with other systems;
6. Develop system specifications.
Examples of work that may be done by a non-registrant are:
Layout of automatic fire sprinkler systems and their related hydraulic calculations for installation or permit.
Filed with the Secretary of State on 3-28-02.

APPLICABLE LAWS

Arizona Revised Statutes § 32-101(B)(11).
Arizona Administrative Code, Title 4, Chapter 30 R4-30-302 (B)(4).

4. SEALING OF STANDARD DETAILS

Questions have been brought forward relating to the legality of a registrant signing and sealing standard details and specifications formally adopted by a political jurisdiction, to show they have been reviewed and accepted by the registrant. After reviewing Board statutes and rules, the Board has determined that placing a signature and seal on the document, along with a written disclaimer, is an acceptable practice. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A Registrant's duty to seal professional documents does not extend to standard details or specifications that have been officially adopted by the state, municipal or county agency that has jurisdiction over the project.
It is the responsibility of the registrant to clarify or disclaim those portions of a professional document that were not prepared by the registrant or their bona-fide employee.
This substantive policy statement does not negate the registrant's responsibility to protect the public health, safety or welfare as required in section R4-30-301 (12) of the rules of the Arizona State Board of Technical Registration.
Filed with the Secretary of State on 6-17-02.

APPLICABLE LAW

Arizona Revised Statutes §32-125 (B), (D), and (E).

5. USE OF ELECTRONIC SEALS AND SIGNATURES

Questions have been brought forward relating to the use of electronic seals and signatures on professional documents. After reviewing Board statutes and rules, including R4-30-304, as well as A.R.S. § 32-125 (E), A.R.S. § 41-132 and A.R.S. § 44-7001 through A.R.S. § 44-7043, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Electronic seals and signatures that meet the criteria of Arizona Revised Statutes (A.R.S.) Title 41 and Title 44 are acceptable for all professional documents. Security, verification and control of the signature are the responsibility of the registrant.
This policy statement does not change or limit any existing rule or method of sealing professional documents.
Filed with the Secretary of State on 6-17-02.

APPLICABLE LAWS

Arizona Revised Statutes § 32-125 (B) and (E).
Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

6. HOME INSPECTOR FINANCIAL ASSURANCE BOND LANGUAGE

Questions have been brought forward relating to language that will be acceptable to the Board, for use in issuing bonds as financial assurance for home inspectors as provided in A.R.S. § 32-122.02. The certification of home inspectors is currently being conducted under Emergency Rules approved by the Attorney General on August 14, 2002, and home inspectors are mandated to provide proof of financial

Substantive Policy Statements continued from page 14

assurance within 60 days of receipt of certification. Therefore, this substantive policy statement is offered as guidance until such time as the final rules relating to the certification of home inspectors are in place.

This substantive policy statement is advisory only. A substantive policy statement does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The following language contained in a bond obtained by a home inspector as proof of financial assurance under the provisions of A.R.S. § 32-122.02 is acceptable to the Board:

KNOW ALL MEN BY THESE PRESENTS that we, _____as Principal, and _____, a Corporation, qualified and authorized to do business in the State of Arizona as a Surety, are held and firmly bound unto the State of Arizona, Board of Technical Registration for use and benefit of any injured person as defined below, in the sum of TWENTY-FIVE THOUSAND AND NO/100 (\$25,000.00) lawful money of the United States of America, to be paid to any injured person for which payment well and truly be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, the above named Principal has made application to the Board of Technical Registration, State of Arizona, for certification as a Home Inspector within the meaning of Title 32, Article 1, of the Arizona Revised Statutes and rules adopted pursuant thereto and is required by the provisions of such statutes and rules to furnish a bond in the sum named above.

NOW, THEREFORE, the condition of this obligation is such that if the Principal shall strictly, honestly and faithfully comply with the provisions of the statutes and rules adopted pursuant thereto and shall satisfy any final judgment in favor of an injured person arising out of any transaction governed by the provisions of such statutes and rules, then this obligation shall be void; otherwise to remain in full force and effect.

“Injured Person” as used herein means any person who contracts with a Certified Home Inspector to obtain a home inspection and who is damaged by the failure of the home inspector to perform the inspection or related services in accordance with the provisions of Title 32, Article 1, of the Arizona Revised Statutes and the rules adopted pursuant thereto.

This bond shall become effective on _____, and shall remain in force until the Surety is released from liability to the Board of Technical Registration, State of Arizona, or until this bond is cancelled by the Surety. The Surety may cancel this bond and be relieved of further liability hereunder by giving thirty days written notice to the Principal and to the Board of Technical Registration at its offices.

This bond shall be one continuing obligation, and the liability of the Surety for the aggregate of any and all claims which have been awarded by litigation and deemed uncollectible shall in no event exceed the amount of the penalty hereof.

In witness whereof, the signature of the Principal hereto is affixed, and the corporate seal and the name of the Surety hereto is affixed and attested by its duly authorized officers at Phoenix, Arizona, this ____day of _____, 200____.

(Print name of principal officer)

BY:_____
(Signature of Principal)

NAME OF SURETY

BY:_____
Filed with the Secretary of State on 8-20-02.

APPLICABLE LAW

Arizona Revised Statutes § 32-122.02(B)(2).

7. DATING AND SIGNING SEALS AND REVISIONS TO DRAWINGS

Questions have been received concerning the dating of a registrant’s seal on professional documents when original documents are sealed and when revisions are made to professional documents after they have been sealed and signed by the registrant. After reviewing Board statutes and rules, including R4-30-304, as well as A.R.S. § 32-125, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

To comply with R4-30-304:
If a professional document is revised by the originating registrant after the date the seal is signed, that registrant may:

1. indicate the date, nature and scope of the revisions, or,
2. re-seal, re-sign, and re-date, with the current date.

If an electronic document is revised and re-plotted, it is considered a new professional document.

It is not acceptable to change the date on a seal.

When multiple sheets in a set of professional documents are individually sealed, only those revised sheets need to be re-sealed and signed. The cover sheet for the set does not need to be re-sealed unless the cover sheet has been revised.

Filed with the Secretary of State on 1-26-04.

APPLICABLE LAWS

Arizona Revised Statutes § 32-125 (B) and (E).
Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

8. HOME INSPECTOR PREFERRED VENDOR OR SIMILAR PROGRAMS

The Board’s rules at A.A.C. R4-30-301.01(B)(1) provide that Certified Home Inspectors shall not “pay or receive, directly or indirectly, in full or in part, a commission or compensation as a referral or finder’s fee.” Questions have been brought forward regarding whether the Board considers the participation by Certified Home Inspectors in preferred vendor or similar programs with real estate companies, offices, agents or brokers, when compensation is paid by the Certified Home Inspector to the real estate entity, as violating this rule. This substantive policy statement is offered as guidance to persons interpreting this rule.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties, you may petition the Agency under Arizona Revised Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

Arizona Administrative Code Section R4-30-301.01(B)(1) prohibits a Certified Home Inspector from paying compensation, even in an indirect manner, in order to obtain a referral for home inspection business. Many real estate companies, offices, brokers and/or agents have established programs under various names (i.e., “preferred vendor,” “approved vendor,” “marketing partner”) in which the home inspector makes a financial payment to the real estate entity to be included on a list of recommended inspectors, preferred providers or part of a similar program.

The Board believes that payment by Certified Home Inspectors to real estate entities or other parties who have a financial interest in the real estate

transaction, to be included on a list of recommended inspectors, preferred providers, or similar program, is at a minimum an indirect payment for referral of business by the party to the Certified Home Inspector and violates A.A.C. R4-30-301.01(B)(1).

Filed with the Secretary of State on 1-16-04.

APPLICABLE LAWS

Arizona Revised Statutes §§ 32-106(A)(5), and -128.
Arizona Administrative Code, Title 4, Chapter 30, R4-30-301.01(B)(1).

9. MONUMENTING PUBLIC LAND SURVEY SYSTEM SECTION OR QUARTER SECTION CORNERS

The Board’s rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor’s area of practice. A.A.C. R4-30-301(4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns setting monuments at Public Land Survey System Section or Quarter Section corners by referring to “applicable state statutes” relative to monumenting those positions. Section 9(C) concerns setting monuments, in general. Questions have been raised regarding the Board’s interpretation of what state statutes are applicable when applying Section 9(A) and regarding the interplay between Sections 9(A) and (C). This substantive policy statement is offered as guidance to persons interpreting those sections in complying with the Board’s rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board’s rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor’s area of practice. A.A.C. R4-30-301 (4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns setting monuments at Public Land Survey System Section or Quarter Section corners by referring to “applicable state statutes” relative to monumenting those positions. Section 9(C) concerns setting monuments, in general.

The Board believes that the “applicable state statutes” relative to monumenting Public Land Survey System Section or Quarter Section corners are those which address landmarks and surveys, currently

contained in A.R.S. § 33-103. Accordingly, the land surveyor shall follow the requirements of A.R.S. § 33-103 when establishing, replacing or setting Public Land System Survey monuments at Section or Quarter Section corners and shall follow the requirement in Section 9(C) of the Arizona Boundary Survey Minimum Standards when establishing new or replacement boundary monuments and witness corner monuments. Finally, land surveyors shall also comply with the requirements of A.R.S. §§ 104 through 106 when establishing, replacing or setting any type of boundary monument.

10. REQUIREMENTS FOR RECORDING RESULTS OF SURVEY DRAWINGS

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13), effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards to ensure the recordation of appropriate survey drawings. Section 13 (C) concerns the requirement to record a survey drawing whenever ANY land boundary monuments are set in conjunction with a "new" survey. Questions have been raised regarding the Board's interpretation of what a "new" survey means in the context of Section 13 (C). This substantive policy statement is offered as guidance to persons interpreting Section 13 in complying with the Board's rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules

made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13) effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards for when a surveyor must create and record survey drawings. Section 13 (C) concerns the requirement to record a survey drawing when any land boundary monuments are set in conjunction with the new survey.

The Board interprets the term "new survey" to be synonymous with "present survey" or "most recent survey" so that even if the present or most recent survey is a retracement of an existing prior survey, whenever any monuments are established, including those set to replace missing or damaged monuments of the previous survey, those actions require the surveyor to create and record a survey drawing documenting the new monumentation as established.

Accepted by the Board on June 21, 2005

The appropriate date on the seal of an original document is the day that document is sealed and signed.

11. SYSTEM OR COMPONENT SOURCE/END POINT

Questions have arisen concerning the specified source/end point for a system or component in

July, August, September 2011

a home when a system or component is not in the scope of work of the home inspection.

After reviewing Board statutes and rules, including R4-30-301.01, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

In the case of a system or component excluded from the scope of the home inspection, the source point or end of inspection locations shall be described as:

The excluded component from system to the point at which the feed is dedicated to that component or system.

As an example, the inspection of a swimming pool electrical feed may end at the point it exits the electrical panel if it is fed from the main electrical panel. If the swimming pool is fed by a sub-panel dedicated to components or systems excluded from the inspection scope, the sub-panel is not required to be inspected. Inspection of the water supply feeding the swimming pool automatic fill system may be excluded and not inspected to the point at which it exits the structure or other feed source.

Filing a Complaint

Complaints may be filed with the Board:

- By mail or in person to:
Arizona State Board of Technical Registration
1110 W. Washington St., Suite 240
Phoenix, Arizona 85007
- By fax to: (602) 364-4931
- By call to: (602) 364-4930

OR

- via e-mail to:
Kathryn Fuller
Investigations Manager
(602) 364-4945
Duties: Conducts investigations of alleged violations of state regulations. Oversees investigations process. kathryn.fuller@azbtr.gov

Lisa Vardian
Drug Lab Program Coordinator
(602) 364-4948
Duties: Conduct investigations of alleged violations of state regulations with regards to Drug Lab seizures, remediations, firm and worker registration violations. lisa.vardian@azbtr.gov

Manuel Maltos
Home Inspector Program Coordinator
(602) 364-4949
Duties: Conduct investigations of alleged violations of state regulations with regards to Home Inspector firm and Home Inspector registration violations. manuel.maltos@azbtr.gov

The Board accepts anonymous complaints, but without your name or contact information, the staff will not be able to contact you for additional information or to advise you on the status of the complaint. The Board can keep your name confidential if:

1. you request that your identity not be disclosed, and
2. your testimony is not essential to the disciplinary proceedings.

Tips on Filing a Complaint:

Provide the Board staff with as much information as possible about:

1. the identity of the registrant;
2. the project;
3. the conduct that you feel violated Board statutes or rules;
4. the identity of any witnesses or additional victims; and
5. copies, or the location, of any corroborating evidence.

Investigation/Complaint Review Process (see A.A.C. R4-30-120):

1. Review to determine Board jurisdiction.
2. If it appears jurisdiction has been established, the complaint will be reviewed by members of the investigative team to determine the appropriate investigation steps.
3. Additional evidence will be obtained as necessary.
4. The respondent, if a registrant, will be offered the chance to appear before an enforcement advisory committee, if the complaint appears to be a possible violation of technical practice standards.
5. The complainant and other witnesses will be interviewed as necessary.
6. If an enforcement advisory committee was convened, the committee shall make a disposition or recommendation.
7. If the recommendation of the committee is for disciplinary action, the respondent shall be offered an opportunity to meet with Board staff to discuss a possible settlement agreement.
8. If settlement cannot be met, the respondent may provide a counterproposal for Board consideration.
9. To assist them in determining how to conclude the case, the Board will be presented with the following at a Board meeting:
 1. A synopsis of the complaint issues;
 2. Additional investigative information relevant to the Board's review;
 3. Committee recommendations if a committee was convened;
 4. Staff recommendations;
 5. A signed consent order for Board consideration, if one has been received; and
 6. Respondent's counterproposal, if no signed consent order has been received.

M3 Engineering is a full service design firm. We are a merger of three disciplines; Architecture, Engineering and Construction Management providing continuous design and construction services from project conception to final testing and integration. We offer a diverse field of services to a broad international client base.
